Re: Local Policies  
Agenda: I-2

---

## **Background**

Since February 2010, The CSISD Board has been working with Center for Reform of School Systems (CRSS) through a grant funded by the Priddy Foundation. Part of the work with CRSS requires the board to analyze its local policies related to:

- School Board Management Oversight
- School Board Committees
- Constituent Conduct During Board Meetings
- Board Meetings
- Board Member Authority

After careful analysis, the board and administration, in cooperation with staff from CRSS, have jointly worked to establish and/or revise its local policies in the aforementioned areas.

## **Recommendation**

It's recommended that policies BAA (Local), BDB (Local), BED (Local), BE (Local), BBE (Local) and BBE (Exhibit) be approved as presented.
