Proposals for Maintenance Facility Paving Replacement
College Station, Texas

Dear; Mr. Pantel

The evaluation committee has met and reviewed the proposals received on April 4, 2006 for the Maintenance Facility Paving Replacement project for College Station ISD. If the Base Proposal is accepted, the results of the evaluation, utilizing the school districts published selection criteria, indicate that Fuqua offers the best value to the school district.

We recommend awarding a contract to Fuqua in the amount of \$128,955 which includes the Base Proposal.

Please contact us if you require any additional information
