Site Licensing Model

The site licensing model provides a significant level of flexibility for College Station ISD to meet current and expanding online learning opportunities. The site license model includes unlimited enrollment with unlimited logins and unlimited access to the selected courses for each site.

The unlimited licensing model for middle school and high school courses provides a significant level of flexibility for the district and schools to expand the usage of Edgenuity licenses to meet diverse learning environment needs. The unlimited model enables the district to implement Edgenuity's rigorous on-line courses to meet the needs for:

- Credit Recovery
- Initial Credit Acquisition
- Support for Special Education
- Content Recovery
- Hospital Homebound
