INTER-DEPARTMENTAL MEMO

TO: Mike Martindale

DATE: August 5, 2016

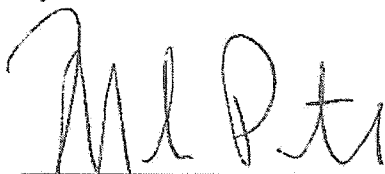

SUBJECT: Wireless Access Points for A&M Consolidated High School
and A&M Consolidated Middle School

As part of the 2013 bond program, the Technology Department has identified the need for wireless networking expansions across the district. This quote addresses the needs at A&M Consolidated High School and A&M Consolidate Middle School. All access points and associated licensing quoted are available on the Department of Information Resources (DIR) contract #DIR-TSO-2679.

The Department of Information Resources (DIR) is an agency of the State of Texas that has established contracts with vendors for technology related products and services. DIR contracts have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025. As a public school district we are eligible to purchase from DIR contracted vendors and receive the discounts that are based on the state's anticipated volume for participating state agencies, public institutions of higher education, public school districts and other local governments.

The Technology Department has worked with Layer 3 Communications, a participating vendor of the DIR to compile the attached quote for these Aruba wireless access points.

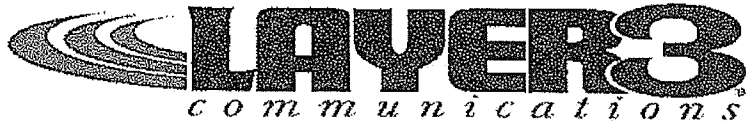

It is the recommendation of Mark Pantel, Director of Purchasing and David Hutchison, Director of Technology that we purchase the wireless access points for A&M Consolidated High School and A&M Consolidated Middle School from Layer 3 Communications for \$194,716.12 per the DIR Contract #TSO-2679.

Mark Pantel, Director of Purchasing

David Hutchison, Director of Technology
