INTER-DEPARTMENTAL MEMO

TO: Glynn Walker
DATE: April 13, 2015
SUBJECT: Computer Workstations for College Station High School
Graphic Design and Animation Labs

The Career and Technology Department (CATE) has identified computer workstations that no longer meet the requirements of the Graphic Design and Animation labs. The district's Technology Department has worked with Avinext, a participating vendor of the DIR to compile the attached quote #158947 for (48) desktop workstations that will be used to support the new gaming design courses that will be offered in the fall of 2015.

These computers are available on the Department of Information (DIR) contract with HP. The Department of Information Resources (DIR) is an agency of the State of Texas that has established contracts with vendors for technology related products and services. DIR contracts have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025. As a public school district we are eligible to purchase from DIR contracted vendors and receive the discounts that are based on the state's anticipated volume for participating state agencies, public institutions of higher education, public school districts and other local governments.

It is the recommendation of Mark Pantel, Director of Purchasing and David Hutchison, Director of Technology that we purchase the HP Computer Workstations for College Station High School from Avinext for \$88,320.00 per DIR contract DIR-TSO-2538. This purchase will be funded from a CATE Perkins Grant for Technology.

Mark Pantel, Director of Purchasing

David Hutchison, Director of Technology
