College Station Independent School District

Success...each life...each day...each hour

MEMORANDUM

To: Dr. Clark Ealy, Superintendent

From: Mike Martindale, Deputy Superintendent

Date: April 13, 2016

Subject: Paging, Intercom, Bell and Clock System Purchase

Agenda Item: J-3

Board Priority/
District Goal: Priority 3, Goal 5

BACKGROUND

In 2014, Firetron, Inc. was selected through a competitive bid process to provide existing campuses throughout the district with the Rauland Telecenter Public Address (PA) system. The technology department has been working with Firetron Inc. regarding furnishing and installing the same Rauland Telecenter PA system for the new College View High School thus integrating the campus into the current district wide paging system.

Firetron, Inc. is the exclusive distributor and sole source provider for the Rauland PA systems and Sapling Clock systems in this area. Again, the product quoted within this recommendation will ensure that the PA system placed in the new College View High School will integrate and function with the existing district wide PA system.

RECOMMENDATION

It is recommended that the College Station Independent School District Board of Trustees approve the purchase of the Rauland Telecenter Public Address and Clock System for College View High School from Firetron, Inc. in the amount of $56,516.35 from the 2013 Bond funds.
