SUBJECT: Public Address System Upgrade for College Station High School and Greens Prairie Elementary School

As part of the 2013 bond program, the district replaced aging Public Address (PA) systems at every campus in the district except College Station High School and Greens Prairie Elementary. These campuses were new at the time and the PA systems were not replaced.

The Rauland Telecenter System was selected through a competitive bid process to provide a district wide public address system for school safety notifications, intercom and paging. To fully integrate into the new district wide public address system, as well as enhance the capabilities of both campuses, funds were allocated in the 2015 bond for upgrades to these two campuses.

Existing cabling infrastructure and corridor speakers will be re-used from the existing systems at each campus. Classroom speakers, call buttons, paging consoles, and amplifiers will be upgraded to allow the full functionality of the system.

Quotes were obtained from Firetron, Inc. the exclusive distributor and sole source for Rauland PA systems in this area. It is the recommendation of Mark Pantel, Director of Purchasing and David Hutchison, Director of Technology that we purchase the upgrade for College Station High School for \$115,770.18 and Greens Prairie Elementary School for \$50,653.98, for a total project cost of \$166,424.16, from Firetron, Inc.

QUOTATION

PROPOSAL NO. 2016-13345

DATE: June 7, 2016 FROM: Richard Phillips
TO: College Station ISD ATTN: Brad Recek

RE: COLLEGE STATION HIGH SCHOOL

We are pleased to submit our proposal for the referenced project, for your consideration, as follows:

Location:

4002 Victoria Ave, College Station, TX 77845

Scope of Work:

- 1. Provide all material reflected in this Quotation**
- 2. Provide Labor to Install Items Under the Heading Communications Equipment installed at MDF**
- 3. Provide Labor to Install Console in registers office**
- 4. Provide Labor to Install IP Console in principal's Office**
- 5. Provide a 5 year warranty on Parts – labor 1 year**
- 6. Program system**
- 7. Test System**
- 8. Provide Install and As built Drawings**
- 9. Provide System demonstration**
- 10. Upgrade System to 4.0**

Communications Equipment installed in classrooms and Corridors is not included in this Proposal

Sincerely,
FIRETRON, INC.

Richard Phillips
