INTER-DEPARTMENTAL MEMO

TO: Mike Martindale
DATE: April 7, 2017
SUBJECT: Track Resurfacing at College Station Middle School

The athletic surfacing on the track at College Station Middle school is peeling off and is now a safety concern for runners. The recommendation from the Facilities Department is to replace the rubber athletic surface on the running track around the football field. This project was specifically identified in the 2013 Bond Package deferred maintenance section.

The attached proposal from Texas Sports Builders is to remove the existing track surface material and install a polyurethane rubber base mat surface system, spray coating, new striping and repair damaged asphalt at the north end of the track. Texas Sports Builders is an approved vendor of the Texas Local Government Statewide Purchasing Cooperative. The Buy Board is the secured website for this cooperative which is administered by TASB. All items on the Buy Board have been competitively bid and awarded by the Cooperative's Board of Trustees based on state statutes.

It is the recommendation of Mark Pantel, Director of Purchasing and Jon Hall, Executive Director of Facilities to accept the proposal from Texas Sports Builders to replace the athletic surfacing on the track at College Station Middle School for \$185,440.00 per contract #476-15. This work would be scheduled this summer to be operational prior to classes beginning in late August. The funds for this purchase will be provided from the 2013 Bond Package, Deferred Maintenance budget.

Mark Pantel, Director of Purchasing

Jon Hall, Executive Director of Facilities
