SUBJECT: Wireless Access Points for Pecan Trail Intermediate

As part of the 2015 bond program, the Technology Department has identified wireless access points to provide wireless connectivity throughout the new Pecan Trail Intermediate campus. The district has worked with Layer3 Communications to provide the attached quote CSISD-PECAN TR INT-01 for Aruba AP-315 access points and associated licensing.

This quote is per State of Texas Department of Information Resources contract DIR-TSO-2679.
