SUBJECT: Microsoft Education Desktop Package with Enterprise CALS

Microsoft is migrating away from a one-time purchase model to an annual subscription model. In order for the district to stay current on both classroom computer's' and server's operating systems, the purchase of an annual subscription service is necessary. In addition to the operating systems, the annual subscription also includes the Microsoft Office 365 applications for all district faculty, staff and students and licenses for up to five out their personally owned devices. This subscription also includes Student Advantage which will allow students to download Microsoft Office for up to five of their personally owned devices.

A quote was requested from SHI Government Solutions. SHI is a participating vendor of the Department of Information Resources (DIR). DIR is an agency of the State of Texas that has established contracts with vendors for technology related products and services. DIR contracts have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025.

It is the recommendation of Mark Pantel, Director of Purchasing and David Hutchison, Director of Technology that we purchase the Microsoft Education Desktop Package with Enterprise CALS Annual Subscription from SHI Government Solutions for \$54,450.90, utilizing the State of Texas DIR-SDD-2503 contract.
