INTER-DEPARTMENTAL MEMO

TO: Mike Martindale
DATE: November 30, 2017
SUBJECT: VMware vSphere Licensing and Maintenance for District
Wide Infrastructure

As part of the 2015 bond program, the Technology Department has identified a need to maintain and expand the quantity of licenses for VMware vSphere licensing. vSphere provides the district with the ability to virtualize various servers, thus decreasing the amount of physical hardware required to operate the server software on. SHI Government Solutions has provided Quote #14429897 for vSphere licensing for 38 processors as well as 5 years support and subscription services for the licensing.

The pricing proposed by SHI Government Solutions is per the Texas Local Government Statewide Purchasing Cooperative (Buy Board) Technology Equipment, Supplies, Software and Telecommunication Products Contract #498-15. This cooperative is administered by TASB and all items included in this contract have been competitively bid and awarded by the Cooperative's Board of Trustees based on state statutes.

It is the recommendation of Mark Pantel, Director of Purchasing and David Hutchison, Director of Technology that we purchase the VMware vSphere Licensing and Maintenance from SHI Government Solutions per Buy Board Contract #498-15 for a total of \$72,846.00 from 2015 Bond Program funds.

Mark Pantel, Director of Purchasing

David Hutchison, Director of Technology
