INTER-DEPARTMENTAL MEMO

TO: Mike Martindale
DATE: January 25, 2018
SUBJECT: Wireless Access Points for Wellborn Middle School

As part of the 2015 bond program, the Technology Department has identified wireless access points to provide wireless connectivity throughout the new Wellborn Middle School campus. The district has worked with Layer3 Communications to provide the attached quote CSISD-ARUBA AP315-01 for Aruba AP-315 access points and associated licensing.

This quote is per Department of Information Resources contract DIR-TSO-2679. The DIR is an agency of the State of Texas that has established contracts with vendors for technology related products and services. All contracts have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025.

It is the recommendation of Mark Pantel, Director of Purchasing and David Hutchison, Director of Technology that we purchase the wireless access points and associated licensing for the Wellborn Middle School from Layer3 Communications for a total of \$59,300.00 per DIR Contract # DIR-TSO-2679 with 2015 Bond funds.

Mark Pantel, Director of Purchasing

David Hutchison, Director of Technology
