Bilingual/ESL Contracted Services (2018-2019)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

The Bilingual/ESL Contracted Fee Services provides program assistance in the development, implementation and evaluation of effective, compliant Bilingual and ESL state required program components that serve English language learners. Technical assistance and professional development provided through the fee service include, but are not limited to:

Technical Assistance in:
- Director's meetings and electronic correspondence to receive information updates
- Accountability and performance measures pertinent to English learners
- Individualized ESL and Bilingual program planning, development, implementation and evaluation
- Bilingual exceptions and ESL waivers
- Bilingual and ESL program compliance
- Bilingual and ESL resource information
- The use of state Bilingual Education Allotment funds

Regional training opportunities in the areas of:
- Language Proficiency Assessment Committee (LPAC) Framework and Assessment Decision-making
- Overviews to help prepare for the Supplemental ESL TExES Exam
- Instructional strategies for classrooms with English learners
- Assessment instruments such as various state approved oral language proficiency tests and Tejas LEE
- State assessments for English learners
- Basic overview and implementation of the English Language Proficiency Standards (ELPS)

The ESC must obtain sufficient number of contracts in order to offer this service.

ESC Contact(s)

Robin Oberg: roberg@esc6.net (mailto:roberg@esc6.net) - (936-435-8391)

Fees

$425 per district plus $75 per identified LEP student (using current PEIMS data) $6,000 maximum

Purchase orders should be submitted to Luz Almaraz no later than October 1, 2018. Phone: 936.435.8332
Email: lalmaraz@esc6.net (mailto:lalmaraz@esc6.net) for billing purposes.

Service Duration

9/1/2018 - 8/31/2019

Certification Co-op (2018-2019)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

ESC Region 6 offers a Certification Co-op for 2018-2019 to assist districts with certification needs.

This district enters into agreement to participate in the **Certification Co-op** for:

Detailed Services: Providing technical assistance and staff development

Technical Assistance and Staff Development:

Technical assistance will be provided via telephone and e-mail. The certification office will research certification issues for participating districts, answer questions related to certification, renewal of standard certificates, serve as a liaison between the participating districts and TEA and conduct annual certification training for participating districts. On-site technical assistance will be provided to districts if requested.

Services may be modified to comply with the Every Student Succeeds Act.

ESC Contact(s)

Joe Martin: jmartin@esc6.net (mailto:jmartin@esc6.net) - (936-435-8302)

Fees

Annual certification co-op fee is based on number of full-time teachers, librarians, nurses, and counselors in the district.

Base Fee: $0.00

- 350.00　-　0-50
- 450.00　-　51-100
- 550.00　-　101-200

Driver Education (2018-2019)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

Region 6 Education Service Center offers all phases of driver education on-site and through an online classroom for high school students through the following options. <u>Your district's scheduled option is located under "Fee Heading."</u>

OPTION #1
<u>Semester Credit Classroom Phase 1 with Simulation & In-Car Phase 2:</u> *Fee: $405.00 per student*
Option 1 consists of <u>56 hours of Classroom Instruction</u>, <u>12 hours of Simulation Instruction</u>, <u>4 hours of Behind-the-Wheel Instruction</u> and <u>4 hours of In-Car Observation</u>. Option 1 is taught during the school day and students may receive 1/2 elective credit. The ideal classroom size for the semester course would be 18-24 students per class to operate the program. The Drug and Alcohol Driving Awareness Program (DADAP) can be added to the classroom instruction for an additional $35.00 per student. This certificate will qualify a student to apply for the 5% insurance discount with their inusrance company. The insurance discount would be for three years if accepted by their insurance company.

OPTION #2
<u>Non School Credit Classroom Phase 1 with Simulation & In-Car Phase 2:</u> *Fee: $405.00 per student*
Option 2 consists of <u>32 hours of Classroom Instruction</u>, <u>12 hours of Simulation Instruction</u>, <u>4 hours of Behind-the-Wheel Instruction</u> and <u>4 hours of In-Car Observation</u>. Option 2 can be taught after school and/or during the summer. The Drug and Alcohol Driving Awareness Program (DADAP) can be added to the classroom instruction for an additional $35.00 per student. This certificate will qualify a student to apply for the 5% insurance discount with their inusrance company. The insurance discount would be for three years if accepted by their insurance company.

OPTION #3
<u>Simulation & In-Car Phase 2:</u> *Fee: $350.00 per student*

Option 3 Simulation & In-Car Phase 2 consists of <u>12 hours of Simulation Instruction</u>, <u>4 hours Behind-the-Wheel Instruction</u> and <u>4 hours of In-Car Observation</u>. Students must be at least 15 years old with a learner license/permit to complete the Behind-the-Wheel phase. (Classroom Phase 1 can be conducted by the District, Online, or TDLR Parent Taught Course 106) Option 3 can be taught during the school day, and/or after school and/or during the summer.

OPTION #4

<u>Simulation Phase 2:</u> *Fee: $115.00 per student*

Option 4 consists of <u>12 hours of Simulation Instruction</u>. The 12 hours of simulation instruction reduces the required 7 hours of Behind-the-Wheel to 4 hours Behind-the-Wheel. (Classroom and the In-Car Phase conducted by the District) Option 4 can be taught during the school day, and/or after school and/or during the summer.

OPTION #5

<u>Non School Credit Classroom Phase 1:</u> *Fee: $150.00 per student*

*Option 5 consists of <u>32 hours of Classroom Instruction Only</u>. Option 5 can be taught after school and/or during the summer. The Drug and Alcohol Driving Awareness Program (DADAP) can be added to the classroom instruction for an additional $35.00 per student. This certificate will qualify a student to apply for the 5% insurance discount with their insurance company. The insurance discount would be for three years if accepted by their insurance company. After completion of the classroom hours, the student's classroom hours will be transferred to complete the **Laboratory Phase 2** (In-Car driving portion) through the following; **School District** - **Licensed Driving School** - **TDLR Parent Taught Program** - The Parent Taught Course 106 Curriculum will be provided for the completion of the Behind-the-Wheel phase through TDLR Parent Taught Program at a discounted fee of $60.*

OPTION #6

<u>"Online" Non School Credit Classroom Phase 1:</u> *Fee: $100.00 per student*

Option 6 consists of <u>32 hours of Online Classroom Instruction.</u>

*This option can be taught after school and/or during the summer in a designated computer lab at the district or the student can sign up and take the online course on their own at home. After completion of the classroom hours, the student's classroom hours will be transferred to complete the **Laboratory Phase 2** (In-Car driving portion) through the following; **School District** - **Licensed Driving School** - **TDLR Parent Taught Program** - The Parent Taught Course 106 Curriculum will be provided for the completion of the Behind-the-Wheel phase through TDLR Parent Taught Program at a discounted fee of $60.*

ESC Contact(s)

Dannell Thomas: dthomas@esc6.net (mailto:dthomas@esc6.net) - (936-435-8339)

Fees

Fees are based on the option chosen by the District. Districts can choose that the students pay the fee to the district and Region 6 ESC invoices the district or students pay the fee through Region 6 ESC registration procedures with cash, money order, cashier's check or credit card.

Service Duration

9/1/2018 - 8/31/2019

Additional Information

It is understood that Region 6 ESC will provide vehicles, simulator and instructional personnel as needed to operate the above programs. The school district can provide the classroom instructor as a benefit to their district and will need to have the driver education endorsement. The district will furnish a classroom, adequate space for the simulator and an electrical power supply for the simulator. The district will schedule the appropriate number of students per period.

Region 6 ESC intends to conduct the above programs at the stated price; however, circumstances may arise such as an increase in fuel, insurance prices, availability of cars, number of enrolled students and/or instructors that could cause Region 6 ESC to vary from the program and/or price.

Students must be at least 15 years old to obtain a learner license for the Phase 2 Behind-the-Wheel Instruction. Students must be enrolled in a public or licensed school and have attended school for at least 80 days in the fall or spring semester preceding the first day of class; or students must be enrolled for at least 45 days and currently enrolled in a program to prepare persons to pass the high school equivalency exam "Texas Certificate of High School Equivalency" (TxCHSE).

Interactive Video Conferencing (Distance Learning) Technologies Services (2018-2019)

Region 6 Education Service Center: eSystem Contracts

esc6
★★★★★★
Dedicated to Serve

Description

This district enters into agreement with Region 6 ESC for Interactive Video Conferencing (Distance Learning) Technologies Services. This contract does not include payment for content of video services.

The Education Service Center will serve districts by providing the connectivity to educational opportunity for a variety of activities. These educational opportunities will include direct access to concurrent enrollment courses from community colleges, Share-A-Course opportunities between ISD collaboratives, students activities such as virtual field trips, enrichment programming, staff development sessions, regional trainings and videoconference meetings. This agreement provides access to ESC 6 primary and secondary video network resources, TETN, digital signage, Region 6 Robot Program-Morgan's Angels, and video sessions made available for ISDs for TEA.

Some student courses and other special programming may require participating districts to pay tuition fees, share teacher costs, and/or share fees specific to individual participation. District must provide a site facilitator.

Texas Student Data System (TSDS) Training & Support (2018-2019)

Region 6 Education Service Center: eSystem Contracts

esc6
★★★★★★
Dedicated to Serve

Description

What is the Texas Student Data System (TSDS)?

TSDS is a major initiative by the Texas Education Agency (TEA) to modernize and improve the quality of data collection, management, and reporting in Texas Education. It is TEA's vision for an enhanced statewide longitudinal data system that will streamline the local education agency (LEA) data collection and submission process; equip educators with historical, timely, and actionable student data to drive classroom and student success; and integrate data from preschool through postsecondary school for improved decision making.

TSDS Training:

Training is implemented using the Train-the-Trainer model. TEA provides training and guidance to ESCs and the ESCs then train key staff at LEAs. The LEA staff that received training are then responsible to train additional LEA staff and campus users. TEA depends on the ESCs' training and support expertise and relationship with the LEAs to make this initiative a success. Training will be offered in the following areas.

- TSDS Unique ID
- studentGPS® Dashboards
- TSDS PEIMS (Public Education Information Management System)
- TSDS Technical
- TSDS TEAL (Texas Education Agency Login)
- TSDS ECDS (Early Childhood Data System)

Please note that additional areas may be added as TEA develops further requirements and functionality.

TSDS Support:

In order to manage the support for a system as large and diverse as TSDS, TEA has developed an incident management system, which will route all incidents to the appropriate support staff, track their outcomes, and retain a history of the problems users are having. Once an incident has been created it is sent to the appropriate LEA contact. If the LEA contact cannot resolve the issue it is then escalated to an ESC contact. If the ESC contact cannot resolve the issue it is then escalated to TEA support.

TSDS Training & Support Fees:

Support fees include training provided locally at Region 6 ESC or via a webinar session.
