

# College Station Independent School District

---

*Success...each life...each day...each hour*

## MEMORANDUM

To: Mr. Mike Martindale, Superintendent of Schools 

From: Jon Hall, Executive Director of Facilities 

Date: June 1, 2020

Subject: Consideration, discussion, and possible action regarding approval of Public Utility, Public Access, and Landscape Easement document requested by the City of College Station for their Greens Prairie Road widening project.

Agenda Item: K-1

---

## BACKGROUND

The City of College Station is planning a street project that will improve parts of Greens Prairie Road adjacent to Forest Ridge Elementary School. The scope of this work will include widening the road and improving the infrastructure of curbs, gutters, sidewalks, and underground storm sewer in this general area. In order to have legal access to our property for some of this work, the City of College Station is requesting an easement to allow them to work on our property along Greens Prairie Road adjacent to Forest Ridge Elementary School as per the attached Public Utility, Public Access, and Landscape Easement document.

## RECOMMENDATION

It is recommended that the College Station ISD Board of Trustees approve the attached Public Utility, Public Access, and Landscape Easement document for the City of College Station relating to their planned Greens Prairie Road widening project adjacent to Forest Ridge Elementary School.
