

College Station Independent School District

Success...each life...each day...each hour

MEMORANDUM

To: Dr. Clark Ealy, Superintendent

From: Molley Perry, Chief Administrative Officer *Molley Perry*

Date: November 13, 2019

Subject: Targeted Intervention Plans

Agenda Item: I-1

BACKGROUND

In accordance with the Texas Education Code, Chapter 39A, Subchapter A, the Texas Education Agency (TEA) is responsible for implementing requirements of the state accountability system for public schools. Within this accountability system, based primarily upon the State of Texas Assessment of Academic Readiness (STAAR) assessments, districts and campuses receive a letter grade for both overall performance and in each of the three domains: Student Achievement, School Progress, and Closing the Gaps. Districts and campuses with a rating of D or F overall or in any domain must engage in the improvement process.

As reviewed at the August 14, 2019 workshop of the board of trustees, three campuses in College Station ISD were assigned an overall rating of D and two campuses received a D or F in at least one domain. These five campus principals, along with the District Coordinator for School Improvement (DCSI), received in training on the Effective Schools Framework, and each campus intervention team subsequently developed a Targeted Intervention Plan. In accordance with state statute, each campus held a public meeting to review the performance rating and solicit stakeholder input for the development of their plans.

As a next step in the improvement process, the campus Targeted Improvement Plans must be approved by the board of trustees.

RECOMMENDATION

It is recommended that the Board of Trustees approve Targeted Intervention Plans for College Hills, Creek View, South Knoll, Southwood Valley, and Spring Creek Elementary schools.
