C. PUBLIC COMMENT

D. WORKSHOP SESSION

1. Consideration and discussion regarding the 2021-22 school calendar

Chief Academic Officer Penny Tramel gave a [report](#) on the 2021-2022 school calendar survey responses. Calendar A received the most votes with 62.7% of the responses. DEIC voted unanimously to bring Calendar A forward to the Board for voting at the January 19th regular board meeting.

2. Consideration and discussion regarding MAP Growth assessments
Chief Administrative Officer Molley Perry [reviewed](#) the MAP growth assessment information. We purchased this assessment in October of 2019 and were able to administer at the beginning of the year and the middle of the year before COVID hit. Therefore, we were unable to complete a full administration with students the first year. MAP supports growth and skill mastery for all students and helps teachers target instruction and make well informed decisions in real time instead of just at the end of the year. MAP has a goal setting component that can be seen on the family report and is part of the program monitoring component. We assess students at grades K-2 for reading fluency and growth and math growth. We assess students at grades 3-8 in reading, math and science growth. The national norming and projected growth occurred prior to COVID. A large portion of our students continued to demonstrate growth and we saw much less regression as compared to the national level as a result of COVID. Comments were made and discussion occurred.

E. ADJOURN

Without objection, President Nugent adjourned the meeting at 6:20 p.m.
