

2021 Strategic Design Team Committee Charter

Background:

College Station ISD has determined that engaging our community, staff and students in a strategic planning process will help set the course for the district going forward.

Committee Purpose:

The purpose of the 2021 Strategic Design Committee is to consider information gathered through community engagement to develop a strategic plan for the district. This plan will include both long-range outcomes, as well as short-term goals to achieve the desired outcomes. The plan will be presented to the Board of Trustees for consideration and approval upon completion.

Committee Responsibilities:

This committee will collaboratively support the development of the vision, mission, and beliefs for the district. This process will be firmly rooted in the input provided by the community at large during the initial Community Engagement phase. Based upon the needs described above, the Strategic Design Committee will work to create specific results aligned with the high-leverage strategic goals. The committee will work together to develop and sequence the specific results to achieve each goal for the next five years, and members of the team will conduct research to develop the action ideas for each goal.

Proposed Timeline:

March 9, 2021	Approve committee membership
March - May 2021	Committee meetings to consider public feedback and engage in strategic design
June 2021	Board of Trustees receives recommendations for the CSISD Strategic Design Plan
