College Station ISD

Texas Student Data System (TSDS) Training & Support (2021-2022)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

What is the Texas Student Data System (TSDS)?

TSDS is a major initiative by the Texas Education Agency (TEA) to modernize and improve the quality of data collection, management, and reporting in Texas Education. It is TEA's vision for an enhanced statewide longitudinal data system that will streamline the local education agency (LEA) data collection and submission process; equip educators with historical, timely, and actionable student data to drive classroom and student success; and integrate data from preschool through postsecondary school for improved decision making.

TSDS Training:

Training is implemented using the Train-the-Trainer model. TEA provides training and guidance to ESCs and the ESCs then train key staff at LEAs. The LEA staff that received training are then responsible to train additional LEA staff and campus users. TEA depends on the ESCs' training and support expertise and relationship with the LEAs to make this initiative a success. Training will be offered in the following areas.

- TSDS Unique ID
- TSDS Enrollment Event
- TSDS PEIMS (Public Education Information Management System)
- TSDS Technical
- TSDS TEAL (Texas Education Agency Login)
- TSDS ECDS (Early Childhood Data System)
- TSDS TIMS (TSDS Ticket Sytem)
- TSDS Class Roster (Fall & Winter)
- TSDS RF Tracker
- TSDS SPP 14
- TSDS ELO
- TSDS SELA
- TSDS Charter School Waitlist
- TSDS Child Find

Please note that additional areas may be added as TEA develops further requirements and functionality.

TSDS Support:

In order to manage the support for a system as large and diverse as TSDS, TEA has developed an incident management system, which will route all incidents to the appropriate support staff, track their outcomes, and retain a history of the problems users are having. Once an incident has been created it is sent to the appropriate LEA contact. If the LEA contact cannot resolve the issue it is then escalated to an ESC contact. If the ESC contact cannot resolve the issue it is then escalated to TEA support.

TSDS Training & Support Fees:

Support fees include training provided locally at Region 6 ESC or via a webinar session.

You MUST be a member of Region 6 ESC Distance Learning Fee Service in order to receive webinar information or recordings.

SUPPORT PACKAGES	
Package	**Areas of Support**
A La Carte	All Areas
Bronze	TEAL and UID
Silver	TEAL, TSDS Core Collections, UID/Enrollment, PEIMS, TIMs

OnData Suite (2021-2022)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

OnDataSuite:

OnDataSuite is a web-based PEIMS data management application hosted at Region 6 ESC. You can upload PEIMS data files, assessment data files, analyze multiple years of data, create custom reports, schedule reports, monitor trends in data, and compare data with other LEAs. OnData Suite provides an opportunity for an LEA to be proactive in addressing anomalies and trends.

Support fees include training provided by the OnData Suite staff or locally at Region 6 ESC or via a webinar session.

You MUST be a member of Region 6 ESC Distance Learning Fee Service in order to receive webinar information or recordings when the staff at Region 6 ESC is facilitating.

Visit **OnData Suite (http://www.ondatasuite.com/)** for more information.

Interactive Video Conferencing (Distance Learning) Technologies Services (2021-2022)

Region 6 Education Service Center: eSystem Contracts

esc6
★★★★★★
Dedicated to Serve

Description

This district enters into agreement with Region 6 ESC for Interactive Video Conferencing (Distance Learning) Technologies Services. This contract does not include payment for content of video services.

The Education Service Center will serve districts by providing the connectivity to educational opportunity for a variety of activities. These educational opportunities will include direct access to concurrent enrollment courses from community colleges, Share-A-Course opportunities between ISD collaboratives, students activities such as virtual field trips, enrichment programming, staff development sessions, regional trainings and videoconference meetings. This agreement provides access to ESC 6 primary and secondary video network resources, TETN, Region 6 Robot Program-Morgan's Angels, video sessions made available for ISDs for TEA, Distance Learning trainings from Ascender and School Technology Services.

Some student courses and other special programming may require participating districts to pay tuition fees, share teacher costs, and/or share fees specific to individual participation. District must provide a site facilitator.

Eduhero (2021-2022)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

EduHero:

EduHero is a self-paced, interactive, and engaging platform for delivery of on-demand professional development that provides real CPE credit and anytime, anywhere access. Made in Texas by Texas educators; Eduhero offers courses to satisfy both state and federal compliance regulations, best practice courses for educators, technology courses and much more. All courses are developed for the needs of our users. Districts have a voice and may request courses for development, participate in the advisory group and share resources across the EduHero community.

The most important measure of success for our Eduhero clients is the increased professional development offerings in their districts. Teachers are increasing their skill sets while administrators are cutting costs through our innovative approach to professional growth. Human resource departments are able to document compliance courses and provide much-needed training to substitute teachers. Technology initiatives are getting a jump-start with our comprehensive catalog of offerings.

Visit **EduHero.net** (https://www.eduhero.net/) for more information.

Fees

Eduhero Course Packages and Add-Ons

Heroic Package - Our most popular package offers a wide variety of courses to your staff. It includes the all-important compliance piece. However, we also offer courses in technology, student safety, 6-hour GT update, technology, and substitute teaching.

Custom Portal - The Custom Portal provides an avenue for districts to develop, distribute, and track the progress of custom made content. Use Eduhero as an LMS and create your very own courses using PowerPoint, Adobe PDF, YouTube videos, Google Drive, and Storyline. Even more, you get your very own custom page that houses all custom content for your teachers to find everything easily.

A Framework for Understanding Poverty Add-On - Dr. Ruby Payne brings her flagship work, "A Framework for Understanding Poverty" to the Eduhero Platform. This three-part series will provide educators with the tools to improve their effectiveness in working with people from all socioeconomic backgrounds.

If you have any questions about pricing please contact Erika Tijerina at etijerina@esc6.net (mailto:etijerina@esc6.net).

Base Fee: $0.00

Bilingual/ESL Contracted Services (2021-2022)

Region 6 Education Service Center: eSystem Contracts

esc6
★ ★ ★ ★ ★ ★
Dedicated to Serve

Description

The Region 6 Bilingual ESL Contracted Fee Service provides a comprehensive range of assistance and professional development designed to support LEAs in the administration of Bilingual and ESL Programs that meet federal, state, and local program requirements. Services focus on the support of instructional practices to enhance biliteracy as well as linguistically accommodated content for English learners aligned to required components for program compliance. Services include, but are not limited to:

Technical Assistance in:

- Director meetings and ongoing electronic correspondence and newsletters with bilingual and ESL information, updates, clarifications and/or guidance
- Accountability and performance measures pertinent to English learners
- Individualized Bilingual and ESL program: planning, development, implementation, and evaluation
- Bilingual exceptions and/or ESL waivers
- Bilingual and ESL program implementation, compliance, evaluation and resources in alignment with Bilingual and ESL program requirements
- Student data analysis
- The allowable use of state Bilingual Education Allotment funds

Regional training opportunities in the areas of:

Compliance

- LPAC identification, progress monitoring, reclassification, and ARD & LPAC collaboration
- LPAC decision-making, designated supports for STAAR and TELPAS
- Bilingual exceptions and/or ESL waivers: Application and comprehensive professional development plan
- Results Driven Accountability (RDA) improvement process, self-assessment, and improvement plans
- Administrator professional development series
- Overview sessions to help teachers prepare for the supplemental certification in Bilingual and ESL

Instruction

- Instructional strategies for classrooms with English learners
- Basic overview and implementation of the English Language Proficiency Standards (ELPS)
- Formative assessment and progress monitoring of English learners
- Professional development series in biliteracy instruction and ESL instruction
- A Regional Annual Bilingual ESL Conference
