History of CSHS

College Station High School opened in the fall of 2012 with only freshmen and sophomores. In May 2015, we graduated our first class of seniors. During our 12 years, our students have represented us numerous times at the state and national levels in both academic and extracurricular competitions. CSHS is ranked among the top high schools by the US News and World Report.

CSISD is a 10-time College Board AP Honor Roll District. CSHS staff and students work every day to uphold the guiding principles of the Cougar Qualities found below.

Accreditation

College Station High School is accredited by the Texas Education Agency and the Southern Association of Secondary Schools and Colleges.

Community

College Station is located in the heart of central Texas within a three-hour drive of five of the nation's 20 largest cities. It is the home of Texas A&M University, research institutions, and the One Health Biocorridor. College Station Independent School District has two comprehensive high schools, an accelerated high school, three middle schools, three intermediate schools, and ten elementary schools. College Station High School is a comprehensive public high school with approximately 2100 students in grades 9-12.

Curriculum

College Station High School provides a diverse curriculum that allows students to design unique programs to meet their individual needs and goals. Choices include on level academic classes, honors, pre-advanced placement and advanced placement courses, fine arts, athletics, career and technology, as well as a variety of extra-curricular activities, clubs, and students organizations. Special programs meet the needs of students with physical disabilities, hearing/vision impairments, learning disabilities, and emotional disturbances.

Demographics Strengths

- CSHS had an almost 90% staff retention rate from the previous year.
- CSHS averaged a 95% student attendance rate for the entire year.
- CSHS stayed below the 5% discipline goal for 3 out of 6 six weeks. The other 3 six weeks never got above 6.8%.
- CSHS decreased our Significant Disproportionality (SD) for African American (AA) SPED sub groups for Indicator #14 (OSS <10) from 7.4% to 3.1%.
- CSHS did not have any SD SPED removals greater than 10 days of OSS.
- CSHS decreased our SD for AA SPED sub groups for Indicator #17 (ISS >10) from 4.3% to 2.4%.
- CSHS decreased our SD for AA SPED sub groups for Indicator #18 (out of placement for discipline) from 3.0% to 2.7%.
- CSHS had an 84% passing rate on AP Exams with 582 students taking a total of 1190 exams.
- CSHS Senior Class of 2024 scored 583 (Math) and 557 (Reading) on the SAT.
- CSHS Senior Class of 2024 scored 22.7 (ELA), 23.6 (Math), 24.1 (Science), and 23.6 (Composite) on the ACT.
- CSHS had 5 National Merit Finalists, 5 National Merit Commended, and 9 College Board Recognized Scholars.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Campus CCMR component score increased from 67 (2021) to 72 (2022); however, the CCMR rating for 2024 (68) is still lower than the State required cutpoint. **Root Cause:** We did not have a structured MTSS in place to support our students still needing to meet any of the 7 indicators towards achieving their CCMR point. We also did not have a communication plan for our families about the importance of CCMR.

Problem Statement 2 (Prioritized): Campus "Closing the Gaps" component score decreased from 61 (2023) to 51 (2024). **Root Cause:** A large factor was that we did not receive any TAPR points towards Graduation status for Hispanic and EB/EL sub pops.

History of CSHS

College Station High School opened in the fall of 2012 with only freshmen and sophomores. In May 2015, we graduated our first class of seniors. During our 12 years, our students have represented us numerous times at the state and national levels in both academic and extracurricular competitions. CSHS is ranked among the top high schools by the US News and World Report.

CSISD is a 10-time College Board AP Honor Roll District. CSHS staff and students work every day to uphold the guiding principles of the Cougar Qualities found below.

Accreditation

College Station High School is accredited by the Texas Education Agency and the Southern Association of Secondary Schools and Colleges.

Community

College Station is located in the heart of central Texas within a three-hour drive of five of the nation's 20 largest cities. It is the home of Texas A&M University, research institutions, and the One Health Biocorridor. College Station Independent School District has two comprehensive high schools, an accelerated high school, three middle schools, three intermediate schools, and ten elementary schools. College Station High School is a comprehensive public high school with approximately 2100 students in grades 9-12.

Curriculum

College Station High School provides a diverse curriculum that allows students to design unique programs to meet their individual needs and goals. Choices include on level academic classes, honors, pre-advanced placement and advanced placement courses, fine arts, athletics, career and technology, as well as a variety of extra-curricular activities, clubs, and students organizations. Special programs meet the needs of students with physical disabilities, hearing/vision impairments, learning disabilities, and emotional disturbances.

Perceptions Strengths

- According to Panorama survey data, CSHS Teachers and Staff saw its greatest increase in Staff-Leadership Relationships as related to confidence and trust.
- CSHS was voted as the "Best High School" by the Brazos Valley Insite Media A List People's Choice Awards.
- CSHS was recognized by U.S. News Best High Schools.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): According to our Fall 2023 Panorama Survey, teachers and staff believe that school climate as related to students needs improvement. **Root Cause:** There was a lack of consistent implementation of curriculum that supports students in their social skills and behaviors.

Priority Problem Statements

Problem Statement 1: Campus CCMR component score increased from 67 (2021) to 72 (2022); however, the CCMR rating for 2024 (68) is still lower than the State required cutpoint.

Root Cause 1: We did not have a structured MTSS in place to support our students still needing to meet any of the 7 indicators towards achieving their CCMR point. We also did not have a communication plan for our families about the importance of CCMR.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Instructional collaboration time for all teachers was not being utilized effectively as it relates to analyzing student data which drives student intervention and extension.

Root Cause 2: We did not have fully integrated Professional Learning Community collaboration team time for all core subject area teachers to analyze and interpret data to inform their instruction.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Domain III (Closing the Gaps) component score did not show any growth from 61 (2022) to 61 (2023) and dropped to 51 (2024).

Root Cause 3: We did not earn any points for Academic Achievement in Reading or Math towards Domain III for our EcoDis population, which increased from 29% to 35% in 1 year.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Campus "Closing the Gaps" component score decreased from 61 (2023) to 51 (2024).

Root Cause 4: A large factor was that we did not receive any TAPR points towards Graduation status for Hispanic and EB/EL sub pops.

Problem Statement 4 Areas: Demographics

Problem Statement 5: According to our Fall 2023 Panorama Survey, teachers and staff believe that school climate as related to students needs improvement.

Root Cause 5: There was a lack of consistent implementation of curriculum that supports students in their social skills and behaviors.

Performance Objective 1 Problem Statements:

Demographics
<p>Problem Statement 1: Campus CCMR component score increased from 67 (2021) to 72 (2022); however, the CCMR rating for 2024 (68) is still lower than the State required cutpoint. Root Cause: We did not have a structured MTSS in place to support our students still needing to meet any of the 7 indicators towards achieving their CCMR point. We also did not have a communication plan for our families about the importance of CCMR.</p>
Student Learning
<p>Problem Statement 1: Domain III (Closing the Gaps) component score did not show any growth from 61 (2022) to 61 (2023) and dropped to 51 (2024). Root Cause: We did not earn any points for Academic Achievement in Reading or Math towards Domain III for our EcoDis population, which increased from 29% to 35% in 1 year.</p>
School Processes & Programs
<p>Problem Statement 1: Instructional collaboration time for all teachers was not being utilized effectively as it relates to analyzing student data which drives student intervention and extension. Root Cause: We did not have fully integrated Professional Learning Community collaboration team time for all core subject area teachers to analyze and interpret data to inform their instruction.</p>
Perceptions
<p>Problem Statement 1: According to our Fall 2023 Panorama Survey, teachers and staff believe that school climate as related to students needs improvement. Root Cause: There was a lack of consistent implementation of curriculum that supports students in their social skills and behaviors.</p>

Goal 2: CSISD will elevate academic outcomes of historically underperforming student groups.

Performance Objective 1: By the end of the 24-25 school year, we will see an increase in our Domain II (School Progress) by increasing our Academic Growth Scale Score to an 85.

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 1: Campus CCMR component score increased from 67 (2021) to 72 (2022); however, the CCMR rating for 2024 (68) is still lower than the State required cutpoint. **Root Cause:** We did not have a structured MTSS in place to support our students still needing to meet any of the 7 indicators towards achieving their CCMR point. We also did not have a communication plan for our families about the importance of CCMR.

Problem Statement 2: Campus "Closing the Gaps" component score decreased from 61 (2023) to 51 (2024). **Root Cause:** A large factor was that we did not receive any TAPR points towards Graduation status for Hispanic and EB/EL sub pops.

Student Learning

Problem Statement 1: Domain III (Closing the Gaps) component score did not show any growth from 61 (2022) to 61 (2023) and dropped to 51 (2024). **Root Cause:** We did not earn any points for Academic Achievement in Reading or Math towards Domain III for our EcoDis population, which increased from 29% to 35% in 1 year.

Problem Statement 1: Instructional collaboration time for all teachers was not being utilized effectively as it relates to analyzing student data which drives student intervention and extension. **Root Cause:** We did not have fully integrated Professional Learning Community collaboration team time for all core subject area teachers to analyze and interpret data to inform their instruction.

Perceptions

Problem Statement 1: According to our Fall 2023 Panorama Survey, teachers and staff believe that school climate as related to students needs improvement. **Root Cause:** There was a lack of consistent implementation of curriculum that supports students in their social skills and behaviors.

Goal 3: CSISD will enrich students' school experiences by strengthening relationships between students, staff, and families.

Performance Objective 1: By the end of the 24-25 school year, we will see improvement in our School Climate as related to students by implementing curriculum towards social skills and behaviors.
