

MEMORANDUM

To: Tim Harkrider, Superintendent 
From: Carmella Shafer, Director of Purchasing
Date: October 8, 2026
Subject: Purchase Livestock Arena Equipment for the Career and Technical Education (CTE) Center
Agenda Item: J – 2 .

BACKGROUND

In November 2023, College Station ISD voters approved the issuance of bonds in the total amount of \$299.12 million. A major project in the 2023 Bond package was the Phase II construction of the Career and Technical Education (CTE) Center. Phase II includes space for Agricultural Mechanics, Auto Technology, Construction, Cosmetology, Multi-purpose Arena, Offices, and Welding.

With Phase II now complete, we request approval to purchase a show ring, livestock pens, a wash rack, and a staging/holding area to prepare the arena to host jackpot livestock shows, events, and competitions. The show ring will provide a designated area for livestock exhibition and judging. The livestock pens will provide secure holding space, while the wash rack will support animal washing and preparation. The staging/holding area will allow animals to be organized and held before entering the arena, supporting safe handling and efficient event operations. These additions will support the district's agricultural education program by providing students with hands-on opportunities in livestock care, preparation, exhibition, and event management.

The District will purchase the Livestock Arena Equipment from Morgan Livestock Equipment Sales, Inc., under the CTPA interlocal agreement, Belton ISD RFP 2109-775-261, and fund the purchase through the 2023 Bond Funds.

RECOMMENDATION

It is recommended that the Board of Trustees of College Station Independent School District approve the purchase of Livestock Arena Equipment from Morgan Livestock Equipment Sales, Inc., for \$120,449.00, using 2023 Bond Funds.

Kevin Ross, Director of Career and Technology
