## MEMORANDUM

To: Greg McIntyre, Deputy Superintendent for Curriculum and Instruction  
From: Donna Adams, Director of Curriculum and Instruction  
Date: February 9, 2007  
Re: Math Textbook Adoptions for 2007-2008  
Agenda Item: J2

### Background

The adoption of textbooks is an annual process instituted by the Texas Education Agency on a cycle for each of the content areas taught in our schools. This year the adoption cycle focused on the following areas:

- Mathematics 6-12
- Advanced Placement and International Baccalaureate Mathematics
- Mathematics (Spanish), Grade 6

Copies of the proposed textbooks and supplemental materials for each of the area adoptions were made available at each campus for review by faculty members whose courses were involved in this particular adoption cycle.

Two District Textbook Adoption Committees (A&M Consolidated High School for 9<sup>th</sup>-12<sup>th</sup> grade courses and A&M Consolidated Middle School, College Station Middle School, Cypress Grove and Oakwood for the 6<sup>th</sup>-8<sup>th</sup> grade courses) were formed in which each campus had teacher representatives. Four meetings were conducted at the district level in which campus representatives participated. The goal was to attain consistency across grade levels and vertical alignment between the grade levels.

Public input was gathered through three public viewings at the College Station ISD Administrative Offices. Extended hours were offered on January 6 (Saturday, 8:00 a.m.-7:00 p.m.), January 12 (Friday, 8:30 a.m.-12:00 p.m.), and January 23 (Tuesday, 1:00 p.m.-8:00 p.m.). Information was posted on the CSISD website as well.

At the final District Textbook Committee meetings each campus had representatives who participated in formulating the recommendations. The textbooks recommended by the District Textbook Committees for the **2007-2008** school year are:

<b>Title</b>	<b>Publisher</b>
Mathematics-Course 1	Holt, Rinehart, and Winston
Mathematics-Course 2	Holt, Rinehart, and Winston
Mathematics-Course 3	Holt, Rinehart, and Winston
Algebra 1	Holt, Rinehart, and Winston
Geometry	Holt, Rinehart, and Winston
Algebra 2	McDougal Littell
Mathematical Models with Applications	Pearson Education, Inc.
Precalculus with Limits: A Graphing Approach	McDougal Littell
Calculus of a Single Variable	McDougal Littell
The Practice of Statistics	Bedford, Freeman and Worth Publishing Group

The Spanish version of the math textbooks will also be ordered as appropriate.

Attached are copies of the documents signed by each member of the District Textbook Adoption Committees regarding the recommended textbooks for adoption.

### **Recommendation**

It is recommended the CSISD School Board approve the Committees' list of textbooks for adoption as presented.
