INTER-DEPARTMENTAL MEMO

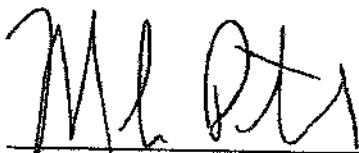

TO: Glynn Walker
DATE: April 9, 2012
SUBJECT: Desktop PC and Thin Client Computers for College Station High School

As part of the 2009 bond program, the Technology Department has identified the computer requirements for College Station High School. The attached quote #137230 for Hewlett Packard (HP) Desktop Personal and Thin Client Bundle Computers was requested from Micro Age per the Texas A&M University Master Agreement #M100299-IT.

Pricing for this agreement is based on a discount off list pricing and the amount of discount is based on the quantity of each individual purchase. All items included in this agreement have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025. The prices are available to CSISD through an inter local purchasing agreement with Texas A&M University.

The district has purchased HP computers throughout the district. Having the same model computer creates a consistent and predictable experience for all teachers throughout the district. A standardized platform also reduces the amount of data and replacement parts.

It is the recommendation of Mark Pantel, Director of Purchasing and Chris Speier, Director of Technology that we purchase the HP Desktop Personal and Thin Client Bundle Computers for College Station High School from Micro Age for \$529,834.00 per the above referenced agreement.

Mark Pantel, Director of Purchasing

Chris Speier, Director of Technology
