INTER-DEPARTMENTAL MEMO

TO: Glynn Walker
DATE: March 5, 2012
SUBJECT: Computers for AMCHS Teachers

As part of the Instructional Materials Allotment (IMA) program, the Technology Department has identified aging teacher computers at A&M Consolidated High School that are in need of replacement. The attached quote #138285 for Hewlett Packard (HP) Compaq 8200 Elite personal computers was requested from Micro Age per the Texas A&M University Master Agreement #M100299IT.

Pricing for this agreement is based on a discount off list pricing and the amount of discount is based on the quantity of each individual purchase. All items included in this agreement have been competitively bid and meet the competitive bid requirements stipulated in Texas Government Code, Section 791.025. The prices are available to CSISD through an interlocal purchasing agreement with Texas A&M University.

The district has purchased (HP) computers throughout the district. Having the same model computer creates a consistent and predictable experience for all teachers throughout the district. A standardized platform also reduces the amount of data and replacement parts.

It is the recommendation of Mark Pantel, Director of Purchasing and Chris Speier, Director of Technology that we purchase the teacher computers for A&M Consolidated High School from Micro Age for \$192,125.00 with IMA funds.

Mark Pantel, Director of Purchasing

Chris Speier, Director of Technology
