

# College Station Independent School District

Success....each life....each day....each hour

## MEMORANDUM

To: Dr. Eddie Coulson, Superintendent

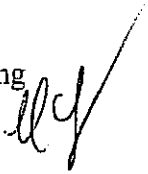

From: Dr. Clark Ealy, Executive Director for Accountability and Planning

Date: December 10, 2007

Subject: Trans-Texas Videoconference Network

Agenda Item: K-7

Board Priority/  
District Goal: A, C - 3, 4, and 5

## BACKGROUND

For years College Station ISD has received Internet connectivity services from the Trans-Texas Videoconference Network (TTVN) through our interlocal agreement with Texas A&M University. CSISD has purchased and used 10MB bandwidth for the past two years. The increase in the instructional and administrative use of Internet services has created a situation where 10MB no longer met our day-to-day bandwidth needs. This fall CSISD doubled the bandwidth to 20MB. The increase in bandwidth has met our daily bandwidth needs.

## RECOMMENDATION

It is recommended that the Board of Trustees of College Station Independent School District consider approval of Internet connectivity services for the year beginning 12/1/2007 and ending 11/30/2008 with Texas A&M University in the amount of \$39,588.
