

College Station Independent School District

Success....each life....each day....each hour

MEMORANDUM

To: Dr. Eddie Coulson, Superintendent

From: Dr. Clark Ealy, Executive Director for Accountability & Planning

Date: January 9, 2008

Subject: 2008-09 School Calendar Adoption Process

Agenda Item: I-2

Board Priority/
District Goal: A, B, C – 1, 2, 4, 5

BACKGROUND

With the goal of developing the most instructionally appropriate school calendar for 2008-09, the Districtwide Educational Improvement Council (DEIC) developed four draft calendar options and spent the last month gathering feedback on these options. On Wednesday, January 9th DEIC processed the feedback on the calendars and reduced the number of options to Calendar Option 1 and Calendar Option 2.

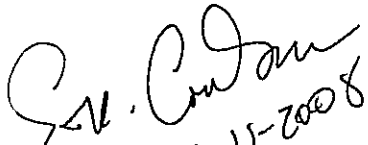

DEIC and the administration would like to post these two options on the CSISD website for public input on the options. Our goal would be to put both calendars on the web for both for viewing and to allow the community to select the calendar they prefer and provide open-ended comments as well.

RECOMMENDATION – Receive Report

It is recommended that the board receive an update on the 2008-09 School Calendar Adoption Process.

CLARK C. EALY, Ph.D.
Executive Director for
Accountability and Planning
