## BACKGROUND

The 2007 Bond Program includes a project to upgrade the District's network capabilities. The Technology Department has initiated the first part of that project. As a part of the project, quotes for the needed Labor for Data Cabling for Network Upgrades and Ceiling Mounted Projectors have been solicited utilizing Competitive Sealed Proposals.

The proposals have been evaluated by personnel from the Technology Department and the Purchasing Department. They appear to be consistent with State law and sound business practice.

The proposal submitted by Managed Network Cabling, Inc. in the amount of \$48,302.34 appears to provide the best value for the District.

## RECOMMENDATION

It is recommended that the Board of Trustees of College Station Independent School District consider approval of the purchase of Labor for Data Cabling from Managed Network Cabling, Inc. in the total amount of \$48,302.34.
