

College Station Independent School District

Success...each life...each day... each hour

MEMORANDUM

To: Dr. Eddie Coulson, Superintendent

From: Greg McIntyre, Deputy Superintendent for Curriculum and Instruction 

Date: September 15, 2011

Subject: State Testing Days Waiver

Agenda Item: H-2

Board Priority/
District Goal: Priority A and B: Goals 1, 2, and 3

BACKGROUND

State rules allow districts to use modified schedules on days when the state and national tests are administered. In the past, A&M Consolidated High School has requested and received a waiver from the State allowing for a modified schedule.

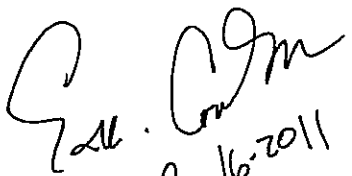

Attached is the proposed modified schedule for the 2011-12 school year. The high school Campus Improvement Team unanimously approved the request for the waiver as did the District Educational Improvement Council (DEIC). The waiver allows the use of a modified schedule through the 2013-14 school year.

RECOMMENDATION

It is recommended the CSISD Board of Trustees approve the State Assessment Testing Days Waiver to allow CSISD to use a modified schedule on testing days.
