

# College Station Independent School District

Success... each life... each day... each hour

## MEMORANDUM

To: Dr. Eddie Coulson, Superintendent

From: Greg McIntyre, Deputy Superintendent for Curriculum and Instruction

Date: June 13, 2013

Subject: Shared Services Agreements and Contracted Services

Agenda Item: H-2

Board Priority/  
District Goal: Priority A and B: Goals 1, 2, 3, and 4

## BACKGROUND

The Region VI Education Service Center provides services to all districts within Region VI. For some services, school districts must pay a fee in order to participate. College Station ISD would like to continue to contract with Region VI in the following areas:

- Title I Services (\$8,000 paid from CSISD Title I entitlement)
- Bilingual/ESL Services (\$5,650 from local funds)
- Certification Co-op Services (\$750 paid from local funds)
- Driver Education Services (\$380 per student; paid by students)
- Purchasing Cooperative (No fee)
- Distance Learning & Video Conferencing Technologies TETN Services (\$9,500 paid from local funds)
- Eduphoria Premium Suite (approx. \$23,100 paid from local funds)

By allowing CSISD to contract with Region VI, CSISD personnel will be able to consult with experts from Region VI and take advantage of services that are offered. Participation with Region VI helps to provide CSISD administrators and teachers the necessary information so that our resources and services can be maximized.

At this point, please note that Region VI will be able to continue Driver Education Services at AMCHS, but is unsure if the same services will be available at CSHS. If not, we are prepared to explore other service providers so that CSHS students will have comparable service.

## RECOMMENDATION

It is recommended the CSISD Board of Trustees approve the shared services agreements and contracted service agreements with Region VI ESC as presented.

GREG MCINTYRE  
Deputy Superintendent for  
Curriculum & Instruction
