TECHNOLOGY OFFICE
INTER-DEPARTMENTAL MEMO

TO: Glynn Walker
DATE: August 7, 2015
SUBJECT: Edgenuity Subscription Renewal

Edgenuity has been successfully utilized by Timber Academy, A&M Consolidated High School and College Station High School to provide online and blended learning for original credit, credit recovery and special education support. In addition, STAAR, EOC, SAT, ACT and college exam preparatory courses are also included for utilization across the district. Based on discussions with administrators at all three high schools, it is recommended the district continues utilizing Edgenuity.

Attached is the sole source agreement, verifying Edgenuity is the only provider of their intellectual property as well as the renewal quote. The renewal quote is for a three year term, payable on an annual basis. Total three year cost for services is \$224,760.00, divided into three annual payments of \$74,920.00

David Hutchison, Director of Technology
