### Background

During the construction improvements at A&M Consolidated High School an existing utility easement had to be moved to an adjacent location. This resolution stipulates a public utility easement agreement between the District and the City of College Station. This easement encompasses approximately 2321.7 square feet of land owned by the district.

All parties agree that it is in their best interest to participate in this agreement. This agreement is recommended by the CSISD Administration to accommodate the construction improvements at A&M Consolidated High School.

### Recommendation

It is recommended that the College Station Independent School District Board of Trustees approve this public utility easement in favor of the City of College Station, Texas.
