

MEMORANDUM

To: Dr. Tim Harkrider, Superintendent of Schools *TH*
From: Heather Wilson, Chief Financial Officer *HW*
Date: October 12, 2026
Subject: Consider and Possible Approval to Authorize legal counsel to pursue remedies as it relates to CoolVu
Agenda Item: M-1.

BACKGROUND

College Station ISD purchased \$166,250 in ballistic shields through TIPS Contract No. 230505. The vendor required a 50% deposit to begin production, and the remaining balance was released based on vendor communications indicating the shields were in its warehouse. Subsequent review confirmed the equipment had not been delivered.

Administration is working with legal counsel to identify the responsible parties and evaluate available legal remedies, including potential breach of contract and unjust enrichment claims. Counsel is reviewing the vendor's business structure and related bankruptcy proceedings to determine the appropriate parties against whom claims may be pursued. The likelihood of recovery remains uncertain.

RECOMMENDATION

Administration recommends that the Board authorize legal counsel to pursue all available claims and remedies, including filing suit against CoolVu and/or any other responsible legal entity or individual, to seek recovery of the District's funds.
